Milo Rink Wins Annual Highlanders' Bonspiel

Sixteen rinks from Calgary, Hanna, Staveland, Milo and Vulcan competed in the annual two-day Calgary Highlanders Bonspiel held at Vulcan last weekend.

Winner of top honors in the primary event was the Milo rink skipped by Harold Northcott, with Irvin Sukut as third, Lawrence Smith second and Fred Zaytsoff lead. They defeated the Andy Cathro rink of Calgary to take the trophy.

First prize in the secondary event was won by the Vulcan rink of Neil Garvin (skip), Fred Standing, Walter Sutherland and Clare Schneider. Second prize in this event was won by another Vulcan rink skipped by Doug Wilson.

The consolation event was won by the Staveland rink skipped by Ben Catenby, with second prize going to Ed Arney's Vulcan rink.

Saturday night, the curlers enjoyed a turkey supper prepared and served by wives of members of "A" Company, Vulcan, in the Armouries. In attendance was the Commanding Officer of the Highlanders, Lt. Col. D. E. Lewis of Calgary, who presented trophies won in rifle shooting competitions. The battalion trophy for highest plateau average was presented to the Vulcan H.Q. platoon. The trophy for best individual marksmanship was won in successive years by Clare Schneider and Bob Johnston, both of the Vulcan unit. Harvey Robertson, the third member of the unit to win the Dominion Marksman Expert Shield, was presented with the shield by Col. Lewis.

It was announced that the annual battalion bonspiel would be held in Calgary next year.

It is hoped to have the operation performed in Edmonton, April 1.

Library Notes

Two hundred dollars worth of new books have been added to the Vulcan and District Public Library. Among these for readers interested in Archeology is "Angkor" by the Rt. Hon. Malcolm McDonald. This book tells of an ancient civilization in Cambodia. It is remarkably well illustrated with beautifully detailed photographs.

For those who want an easily read novel is "The Search". This story takes place on a dairy farm in Alberta. The characters are a few old and new Canadians and the story attempts to unravel their problems. The author of this book, Roy Farren, farms himself in Canada as well as editing a weekly newspaper.

Two outstanding teenage books, which would also be enjoyed by adults are "My Heart's in the Highlands," a story of an exchange student to Scotland and what she finds out. And "Mara, Daughter of the Nile," which depicts the picturesque daily life of the Egyptians, woven into an intriguing story.

Two widely-known business men from the Vulcan-High River district have moved to Brooks as owner-manager of the new Food Giant supermarket. Both have been associated with retail grocery stores most of their lives in South Alberta, and look forward to operating their new enterprise, the first supermarket between Calgary and Medicine Hat.

Born near Lake McGregor, Charlie Northcott grew up on a farm in that neighborhood. His first job was at age 16 when he went with Soby's General Store in Claresholm, where he encountered a cantankerous Chevrolet 490 used for deliveries. Fortunately for his temper and cranking arm, it was the practice to revert to a delivery rig in winter time, pulled by an old white horse.

Charlie Northcott started in Milo on his own in 1934 in a grocery which he operated for seven years. He sold out to a co-operative and continued to manage the business for two years. He then went to Vulcan where he bought out McLaggan and Manson, a general store.

A few years later he started up a ladies' wear store in Vulcan, the Betty Ann Shoppes, and opened a branch in High River. He still operates both of these stores, but in the meantime had sold his grocery business to Jenkins of Calgary.

He became interested in the Food Giant enterprise through its general manager, Nelson Gahn, who was with Horne & Pittfield, wholesale grocers. He is married and they have four children; two of them, Ronald and Shirley, are married. Larry and Betty Ann are attending school.

Mr. Northcott is a member of the Masonic Lodge, being a Past Master at Vulcan; he is a charter member of the Vulcan Lions and a member of the United Church.

Charles Boutland was born in the "windy city" of the prairies at Fort Macleod and received his education in Nanton. Associated with the retail grocery business for some 30 years, he started in Nanton as a youngster, clerking behind the counter.

He has been in Vulcan for the past ten years with the Red & White Store, but prior to that time had been with Nagler's in Calgary, Sharp & Paige at Stettler and the Whitehall Grocery at Fort Macleod.

Cal. Power Beats Legionaires

Vulcan Legionaires dropped another hockey game last Sunday afternoon when they fell behind in the late stages to wind up 10-6 losers to a team from Calgary Power.

The score at the end of the first period was tied 2-2. In the second period the home club was outscored 2 to 1 and in the final 20 minutes the count went from 6-4 to 10-6.

Despite the tall score against him, local neophyte, Neil Garvin, was outstanding and it is estimated he stopped seven drives for each that got by him.

A new player for Vulcan, Dave Kasdorff, was tops on the scoring list with five goals.

On the Calgary Power Club was Archie Scott, who has recently played in the tough Central Alberta League and until recent years was with the Professional Calgary Stampede.

Weather permitting there will be another game this Sunday afternoon at 2:00 p.m.

Vulcan lineup: Garvin, Larkins, Dave Mitchell, Pruden, Ralph Beuhler, Kasdorff, Hrabal, Kehr, Bobbie Dann, Norm Beuhler, Legio, Healey.

In the 18-and-under division the Mel Jordan coached Vulcan club lost their first game of the season last Friday by a 4-2 score against Milo. The locals played well but with some of the team engaged in basketball the same night, the regular line-up was disorganized.

This year the Lions Club, past sponsors of the boys, have had to drop their commitment and although efforts have been made to find another sponsor, the fellows are still orphans. They are supplying their own equipment and sticks and are using the same uniforms that coach Jordan wore years ago so some indication can be found as to the present condition of the uniforms. More hockey will be played this Friday evening at 7:30 when the visitors will be Champion and on Saturday night at 8, Gleichen will be on the ice against Vulcan.

18 MILLION PEOPLE IN CANADA BY 1960

Canada's population is well along the road to the 18,000,000 mark. The final estimate for 1958 still is being prepared by the bureau of statistics but there are indications that this country started off the new year with about 17,275,000 people.

This compared with a population of 16,887,000 at Jan. 1 last year.

Provided no major economic disaster overtakes this country during this year and there is no

Letters to the Editor

To the Editor of The Advocate, Dear Sir,

I would like to call to your attention the forthcoming Delegation to Ottawa.

Form organizations are concerned over the rapid rise in costs. The cost-price squeeze is being felt by those of us engaged in agriculture. The dangers which accompany any weakening of agriculture's position are easily recognized:— Increased unemployment, total factory wages down, exports falling off and sales of farm supplies at far below their potential. These are some of the things which result when Farm Income does not keep pace with Farm Costs.

A PLAN for Agricultural Price Support by the use of the Deficiency Payments has been developed by Canadian Farm Organizations. This plan is designed:

(a) to avoid pitfalls encountered in programs used by the United States.
(b) to support prices without the incentive to create surpluses.
(c) to reverse the trend toward vertical integration.
(d) to maintain and strengthen the position of the Family Farm.

Two years ago, Legislation was not on the Statutes to allow the operation of this plan. Since that time Farm Unions and other farm organizations have worked steadily and now have legislation under which a Deficiency Payment plan can be administered. The only factor now delaying the implementation of our logical, essential program is the unwillingness of the present government to carry it out.

Last year when we planned to march to Ottawa, we were given the assurance that Legislation would be passed and action taken to assure Agriculture a "fair share of the National Income." We of the Farm Unions feel their "actions" have been inadequate to cope with the situation, and that there is only one way left to impress upon the government how strongly we disapprove of their immobility.

Time is running out. We need immediate action to alleviate some of the hardships accompanying the deficiency position of the farmer.

A discussion of these matters will take place at a series of meetings planned for early in February.

Yours truly,
George C. Loree,
Director Dist. 12, FUA

IN MEMORIAM

HARTWICK—In loving memory of a brother, Howard Hartwick, who passed away Feb. 1, 1956. There's an open gate at the end of the road
We each must go alone,
And there's a light we cannot see
Our Father claims His own.
Beyond that gate our loved one
Finds happiness and rest;
And there is comfort in the thought
That a living God knows best.
—Ever remembered by his sisters,
Grace, Alberta and Olive, Lomond. 26-p

Make a joyful noise unto the Lord, all ye lands.

Serve the Lord with gladness: come before his presence with singing.

Know ye that the Lord He is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture.

Enter into his gates with thanksgiving, and into his courts with praise: be thankful unto him, and bless His name.

For the Lord is good; His mercy is everlasting; and His truth endureth to all generations.

Correspondence consisted of several thank you cards from Senior Citizens for Christmas parcels and from those who had received flowers.

The treasurer, Mrs. Mary Frost, reported that the books had been audited, and she gave the annual statement. This indicated that club activities for 1958 had been successful. Plans to purchase more utensils for the hall kitchen were made. The raffle draw was then held and won by Mrs. Mary Lindsay. The members then planned their complete program for 1959, after which the meeting was adjourned. An enjoyable lunch was then served by the hostess and her assistants.

Sunflower Seed

(W. D. Hay, Cercallist, Lethbridge) An effort was made this season to establish sunflowers as a commercial crop for southern Alberta. Forty-five hundred acres were grown under contract for a processing firm in Lethbridge and the results obtained indicate that a large increase in the acreage of this crop can be expected next season. The crops were spread widely over the southern area, extending from Strathmore to the southern boundary and from Claresholm to Medicine Hat, nearly all of them on dry land.

Since few growers, if any, had previous experience in growing sunflowers, some mistakes were made and these resulted in low yields. Thin or uneven stands, and weed, were probably the chief reasons for low yields, but the percentage of unprofitable crops must have been very low, and the experience gained this year should enable growers to produce better crops next year. Most of the crops yielded from 600 to 1200 pounds per acre. At the contract price of five cents per pound these gave quite satisfactory returns.

Practically all of the sunflower crops were ripened well in advance of the first killing frost, which occurred on Oct. 9. Harvesting commenced soon after that date, and with the help of special combine attachments brought in from Manitoba, or made locally, was completed in about two weeks. Wheat crops would not have been harvested more quickly.

Mennonite, Advance and Beacon were the varieties used this season for commercial production. The Mennonite variety is used chiefly for the roasting and confectionery trade, while Beacon and Advance are the varieties preferred for oil production. At the Experimental Farm this season in a small pot test of varieties on dry land Beacon yielded 2,294 pounds per acre; Advance 1,937 pounds and Mennonite 1,679 pounds. While these yields are higher than can be expected on a large field basis they indicate the relative yielding ability of these three varieties.

Order rubber stamps at the Advocate. Three day service.
